

Golf Cart Driving Policy | Gator

Requirements for Driving a Golf Cart | Gator:

This list is not exhaustive. The user is responsible for knowing and applying the standards, regulations and laws relevant to their activity.

User is older than **18 years** and in possession of a valid driver's license according to StVG ("car driver's license") for the use of a vehicle with road approval.

Instruction of the user in the **operation of the golf cart** was carried out and documented.

User has proven his qualification to his employer/client/team lead. The process was documented in writing.

Before using the golf cart, the user has informed himself in the **manufacturer's owner's manual** about the **proper use and necessary safety measures**.

Before each start of the vehicle, the user has checked that there are no visible defects in the vehicle and that the safety devices (e.g. brakes) are working.

It is well known that **security equipment must not be manipulated**. These include, for example, grab handles, roll bars, etc.

The following requirements must be observed when driving:

- It is necessary to drive at walking speed (max. 15km/h), adjusted according to the situation.
- The maximum number of passengers according to the manufacturer's specifications must not be exceeded.
- Passengers are only allowed to get in and out of the vehicle when the vehicle has come to a full stop.
- Reversing only with a clear view and, if necessary, securing the rear area.
- Transport of items only in accordance with the manufacturer's specifications with appropriate load securing.
- No driving with limited visibility.
- The vehicle will only be passed on to appropriately qualified, trained or instructed persons.
